FWBank
First Westroads Bank

All New Look.
Same Great Features.

The mobile experience is about to get even better… with the FWBank Mobile Banking app update!

On Thursday, January 23rd, FWBank is upgrading from our current Mobile TouchBanking app to our new branded FWBank Mobile Banking app. The FWBank app will deliver a sleeker design to make the Mobile Banking experience with us better than ever, with the same functionality you have come to know and trust. Our mobile app will also be available for iPad® use. Just search for us in the App Store.SM

What to expect as a current Mobile Banking customer:

The first time you log in to Mobile Banking after the upgrade, you will be prompted to run a simple update. Once complete, your FWBank app icon will download to your smart phone. At that time, your TouchBanking icon can be deleted. All of the same information from the old Mobile Banking app system will be available within the new FWBank Mobile Banking app.

Not enrolled for Mobile Banking?

If you are not currently enrolled in Mobile Banking, on January 23rd, login to your Internet Banking account, select options and scroll down to Mobile Banking Profile and click enroll now. Or, search for us in the App StoreSM or Google PlayTM and download.
